PROFESSIONAL SUMMARY

Hardworking, reliable, and detail-oriented professional with experience in data collection, registration operations, customer assistance, and production-related work. A BS Computer Science graduate who is adaptable, willing to learn new tasks, and able to work effectively both independently and as part of a team. Experienced in following instructions, maintaining accuracy, managing multiple tasks, and meeting deadlines. Seeking a factory worker position in Taiwan where I can contribute through strong work ethic, discipline, attention to detail, and willingness to learn.

WORK EXPERIENCE

Graphic Designer / Layout Artist | CMD Digital Printing Services

2021 – 2026

- Designed and produced layouts for tarpaulins, flyers, brochures, business cards, banners, IDs, and other printed materials.
- Created print-ready files using Adobe Photoshop and Adobe Illustrator and ensured accurate, high-quality output.
- Edited photos and developed visual materials for branding and marketing purposes.
- Collaborated with clients to understand design requirements and deliver work according to specifications.
- Managed multiple design projects while meeting deadlines and maintaining attention to detail.

Data Collector / Registration Officer I | Philippine Statistics Authority – Philippine Identification System

2020 – 2021

- Collected, verified, and accurately encoded personal information during registration activities.
- Assisted applicants throughout the registration process and checked supporting documents for completeness.
- Maintained confidentiality of sensitive information and followed registration procedures.
- Provided professional customer service while meeting daily registration targets.
